POWER MOTION

945G
HYDRAULIC AIRLESS SPRAYER

The Power Motion 945G piston pump is a high-performance hydraulic airless sprayer designed for large-scale commercial projects. Its powerful petrol-driven system delivers 8 L/min for extended hose lengths and uninterrupted operation on construction sites without electricity.

POWERFUL • PETROL-DRIVEN • JOBSITE-READY

BUILT FOR LARGE-SCALE APPLICATIONS

High-output Performance
Freedom from Main Power

DESIGNED AROUND THE WORKSITE

01 SWING-SUCTION FUNCTION
Makes it convenient to swing up the suction rod when working from a bucket.

02 TILTABLE CART
Integrated hose storage support allows quick container changes.

03 HIGH PRESSURE FILTER
Provides high reliability and helps minimise downtime.

04 PETROL-POWERED MOTOR & STURDY TYRES
Powerful, efficient operation with easy worksite manoeuvring.

ENGINEERED FOR DEMANDING COATINGS

EMULSIONS • LATEX • ADHESIVES • CORROSION PROTECTION

EXTENDED HOSE LENGTHS
UNINTERRUPTED OPERATION
