PRESSURE	DELIVERY RATE	SPRAY HEIGHT	OUTPUT	VOLTAGE	MAX. GRAIN SIZE

DESIGNED AROUND THE WORKSITE

01 COMPACT HANDLE
Makes manoeuvring and navigation around worksites easier.

02 TILTABLE MIXER
Reduces manual effort and improves operational efficiency.

03 BUILT-IN AIR COMPRESSOR
Provides seamless operation without a separate air supply.

04 LARGE HOPPER & WIDE HOSE OUTLET
Reduces refills while supporting smooth, efficient material flow.

VERSATILE MATERIAL APPLICATION

FILLER COMPOUNDS • TEXTURED PLASTERS • CEMENTITIOUS COATINGS

Suitable for Mapelplastic High Flex, Silcor 580, Formceal Type R and similar viscous material

WALLS & ROOFS
UP TO 10m SPRAY HEIGHT
